Florence Copper Notices of Intention to Abandonment a Well

Dear Mr. Christiana:

In response to your email to Mr. Ian Ream of Florence Copper Inc. (Florence Copper) on 1 March 2017 (included as Attachment 1), we are submitting revised Notices of Intention to Abandon a Well (NOIs) for three of the referenced NOIs. The NOIs previously submitted for these wells had incorrect or duplicated well registry numbers, and so we have included Late Registration of existing wells for three of the NOIs submitted.

Three NOIs were submitted for Well Registry ID 55-542055; we have included a revised NOI form and a Late Registration of an Existing Well form for two of the wells (wells named PW4-1 and PW3-1), the other should remain under the Well Registry ID 55-542055 (well name OB4-1), as it is identified by name in the imaged record and the location is correct. It is our understanding that the abandonment authority for that well has already been issued to the drilling contractor.

One NOI was submitted under Well Registry ID 55-562121; this NOI has been revised to remove the incorrect Well Registry ID. The revised NOI for Abandonment and Late Registration of Existing Well Forms are included in Attachment 2 for this well (well name OB3-1).

The NOI submitted for 55-538308 will be resubmitted at a later date.

Florence Copper's attorney, Mr. Mike Pearce, met with Ms. Stella Murillo on 2 March 2017 to discuss this matter and she indicated that the fee for the Late Registration of these existing wells would be waived.

Please contact me at 602-760-2429 or Mr. Ian Ream with Florence Copper at 520-374-3984 if you have any questions or require any additional information to process the attached NOIs.

Registration No. 55- 482741 File Number: D(4-9) 28 CAC

Dear Well Owner:

DOUGLAS A. DUCEY
Governor
THOMAS BUSCHATZKE

Director

Enclosed is a copy of the Notice of Intent to Abandon a Well (NOI) which you or your driller recently filed with the Department of Water Resources. This letter is to inform you that the Department has approved the NOI and has mailed an abandonment authorization card to your designated well drilling contractor. The driller may not begin abandonment until he/she has received the authorization, and must keep it in their possession at the well site during the abandonment.

The well abandonment authorization card and a blank Well Abandonment Completion Report form (form 55-58) have been sent to your driller. Arizona statute [A.R.S. § 45-594] requires the driller to furnish the Department with a complete and accurate Well Abandonment Completion Report within thirty (30) days after completion of abandonment. Arizona statute also requires a well owner to submit a Well Owner's Notification of Abandonment form (form 55-36) within thirty (30) days after the well has been properly abandoned. A copy of the form is enclosed for your convenience. An electronic copy (compact disc or electronic file) of all video logs, if performed, must be included with the well owner's notification or Well Abandonment Completion Report. You should insist, and ensure, all of this is done.

If you change drillers, you must supply the Department with the new driller's identity on a Request to Change Well Information form (form 55-71A). Well abandonments shall be performed only by a licensed well drilling contractor or single well licensee.

Sincerely,

Groundwater Permitting and Wells Section

Marie Alexander
